

NOTICE OF AVAILABILITY

The U.S. Department of Energy (DOE) has issued a Finding of No Significant Impact (FONSI) based on completion of an Environmental Assessment (EA) that analyzes the potential environmental impacts associated with the:

**Pettisville Local Schools Wind Energy Project;
Fulton County, Ohio - DOE/EA 1818**

Pettisville Local School is proposing to use American Reinvestment and Recovery Act funds from DOE for the purchase and installation of a single 750 kW wind turbine. DOE's Golden Field Office has determined that providing funding to Pettisville Local School for the proposed project would not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act. The FONSI and EA are available for review on the DOE Golden Field Office website:
